Your Flag and My Flag

By WILBUR D. NESBIT

YOUR Flag and my Flag! And oh, how much it holds—
Your land and my land—secure within its folds!
Your heart and my heart beat quicker at the sight!
Sun-kissed and wind-moved, red and blue and white.
The one flag—the great flag—the flag for me and you—
Glories all else beside—the red and white and blue.

YOUR Flag and my Flag! And how it flies today
In your land and my land and half a world away!
Rose-red and blood-red the stripes forever gleam!
Snow-white and soul-white—the good forefathers' dream.

Blue and true blue, with stars to gleam bright—
The glorious golden of the day; a shelter through the night!

Your Flag and my Flag! To every star and stripe
The drums beat as my heart beats and flares shrilly pipe—
Your Flag and my Flag—a blessing in the sky!
Your hope and my hope—it never hid a lie!
Home land and far land and half the world around,
Old Glory leads our glad salute and ripples to the sound!

"No men living are more worthy to be trusted than those who toil up from poverty, none less inclined to take or touch aught which they have not honestly earned."—Abraham Lincoln.

Food Prices Fixed By Dealers.

Hamilton.—Isaac C. Baker, Prosecuting Attorney of Butler county, in his investigation of the high cost of living, has found no cold storage places in the city. He has found, however, that the municipal market place is used by commission men, hucksters, dealers and retailers of garden truck and fruits, and by only a few farmers, for whom the market was established many years ago. If no relief is found he suggests that the municipal market place be abolished, because in the manner it is now conducted, prices are regulated by the market prices of Cincinnati.

Berlin Halts Baths.

Berlin.—That a possibility of averting a countless winter is regarded as a forlorn hope is indicated by reports received from the Silesian and Ruhr coal fields. Greater Berlin was informed that it would be permitted to indulge in the luxury of a hot bath only on the first and third Friday of each month. Kitchen ranges will not be permitted to operate between the hours of 8 and 11:30 a. m. and 2 and 7 p. m. The use of bathroom ovens and of all emergency heating devices consuming coke is prohibited.

Japan's Rights Extended.

Paris.—Japan and the All-Russian Government at Omsk, it is learned, have concluded arrangements to extend Japanese fishing rights, provided by the Portsmouth treaty, which settled the Russo-Japanese war. The fishing clauses expired last month.

1 DEAD IN COAL MINE STRIKE

Two Others Wounded When Negro Fires on Pickets Near Shaft at Springfield, Ill.

Springfield, Ill., Aug. 27.—One killed and two wounded constituted the day's developments in the strike of coal miners who are rebelling against fines imposed by operators. Elmer Ghadi, aged thirteen, was shot and killed and two men, said to be strikers, were hit by bullets when Pleasant Jannau (colored) engaged in a revolver battle with pickets near the Jones & Adams mine here.

U. S. FLYERS BOMB BANDITS

Natives of Santa Domingo Call Marines' Planes "Evil Birds"—Six Outlaws Killed.

Washington, Aug. 26.—The American marines in Santo Domingo are using airplanes against bandits and scaring old natives out of their wits. "Evil birds" is the native term for the airplanes, and the bombs dropped are "the evil birds' eggs." Captain McCaughy, in charge of island aviation, said six bandits recently were killed by bombs.

VOTE TREATY CHANGES

Senators Urge Refusal to Help Reconstruct Europe.

Another Amendment Would Affect Score of Commissions and Change Language of Pact in 50 Places.

Washington, Aug. 27.—In quick succession the senate foreign relations committee approved a series of amendments to the peace treaty eliminating the United States as one of the powers represented on international commissions created to supervise reconstruction in Europe.

The vote on the successive amendments was 9 to 7. The committee divided on party lines, all the Democrats voting in the negative Senator McCumber (Rep.) of North Dakota, who voted with the Democrats against the Shantung amendment Saturday, was not present.

The first amendment approved eliminated the United States from membership on the international commission which will determine the boundary between Germany and Belgium. All were presented by Senator Fall of New Mexico.

The reparations commission and such others as are to be appointed by the League of Nations, are apparently excepted from the blanket resolution into which Senator Fall's amendments were combined.

The change would affect about a score of commissions and would change the language of the treaty in more than fifty places.

SAN DIEGO FIREMEN IN UNION

Pledge Selves Not to Let "Unfair" Building Burn Down—Want Two Platoon System.

San Diego, Cal., Aug. 27.—San Diego city firemen have followed the lead of the school teachers, girl telephone operators, domestic workers and others in forming unions here and have organized a local of the International Fire Fighters' association. The new union will attempt to have the city adopt the two-platoon system. The firemen's union recently adopted resolutions in answer to criticisms made by Mayor L. J. Wilde and city councilmen, who said unionized firemen might permit "unfair" buildings to burn. The firemen said they would adhere to their pledge to protect lives and property and to extinguish fires with the least possible damage.
